SS-4004

Volvo rear — identification pending

Unverified sourcing reference: nominal length 105 mm, length basis unresolved. Illustration only; confirm part number, dimensions and handedness.

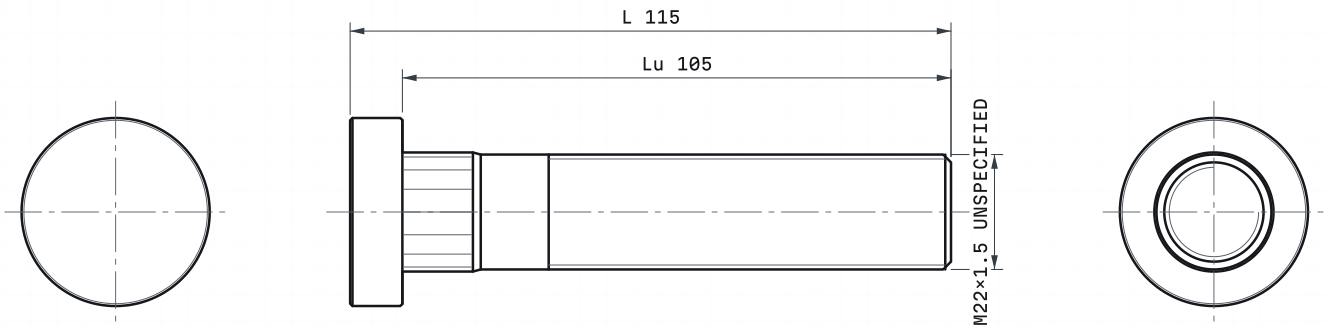

Type	Hub bolt
Supplied as	Stud only
Thread	M22 × 1.5 (hand unconfirmed)
Finish	Not specified by supplier (visual finish; unconfirmed)

RENDER · VISUAL APPROXIMATION

Schematic geometry · not for manufacture or installation

Dimensions in mm · Not to scale · Evidence-linked profile; estimates are NOT certified dimensions

VIEW A · HEAD END | SIDE VIEW | VIEW B · TIP END

RENDERING

Model length	115 mm · not a manufacturing specification
Local profile	Estimated transitions and spline teeth are for display only

OUTSTANDING CHECKS

Issue 1	All local geometry is illustrative. Nominal procurement requirements are stored separately.
Issue 2	LH and RH are separate requested purchasing lines; neither physical variant is identified.

Issue 3

Rendering uses DT 2.65094 published 115 overall /105 under head /77 thread /36 head; identity with planned Volvo Rear line and LH version remain unproven.

SOURCING REQUIREMENT (NOT A PHYSICAL PART SPECIFICATION)

Nominal request	M22 × 1.5 × 105
Length basis	Unresolved; do not equate nominal and overall length
Handed variants	LH and RH requested separately; neither confirmed for this reference

MANUFACTURER REFERENCE ONLY

Overall	115 mm · DT2.65094 reference only
Under head	105 mm · DT2.65094 reference only
Thread length	77 mm · DT2.65094 reference only
Head diameter	36 mm · DT2.65094 reference only

CANDIDATE REFERENCES · INTERCHANGEABILITY UNPROVEN

2.65094	Diesel Technic / DT Spare Parts
20515519	Diesel Technic / DT Spare Parts
7420515519	Diesel Technic / DT Spare Parts

IDENTIFICATION EVIDENCE

Status	Illustrative · identification pending

Assessment

DT reference2.65094 establishes105 under head for that reference. Planned part identity and LH availability remain unresolved.
